

Crazy Krueger

At a George-Soros funded symposium on prison labor, Alan Krueger advocated for unions for prisoners.

Krueger supported the Fair Labor Standards Act and Occupational Safety and Health coverage for inmates, as well as the right to form or belong to unions.

He also supported paying the minimum wage and overtime to prisoners. It would seem that requiring the payment wage to be paid and allowing unions would interfere with the main purpose of the effort: reforming the prisoners and giving them the life skills to prepare them for release. Everyone knows when you enter prison, you give up many of your rights. It's unclear why Krueger would think that union organizing and membership are such fundamental rights that they should be preserved even during incarceration.
